

ROLLING SHOCKS

"Million Mile Warranty"

YOU BREAK IT... WE REPLACE IT, FOR FREE, FOR LIFE!

**20" ROLLING RACK CASES
WITH
ELASTOMER
SHOCKS**

SKB's new Rolling Roto Shock Racks feature a (20" deep) roto molded tough shell with an integrally molded valance that eliminates the need for a metal valance on the outside of the case.

FEATURES INCLUDE :

- Standard 19" rack width per EIA standards
- Rack depth front to rear rail is 20" and each lid is 2-1/4" deep
- Threaded steel rails and aluminum cross components forming an "H" shaped rigid configuration
- Recessed TSA trigger release latches allow for opening while stacked
- Secure stacking design allows full use of doors while racks are stacked together
- 8 elastomeric shocks with a load range of from 40 lbs. to 150 lbs.)
- Load range may be increased up to 300 lbs. with optional additional HM-245 elastomeric shocks (see website for details)
- Gasket sealed front and rear doors
- Ambient pressure relief valve
- Sliding retractable handle
- Oversized snap-down handles on each side of the case
- Convenient roller blade wheels
- Cases stocked in Black
- Custom colors available (minimum quantities apply)

Standard dimensions -
front to rear rail: 20"
